ABOUT ME

Hello, I'm Naufal Adrian Hidayat. I am a sixth semester student of Informatics Engineering Telkom University. I am someone who is disciplined, cheerful, calm, quick to understand, never gives up, and can work with a team or individually. I am highly motivated to always develop my potential and talents and grow professionally.

Now I'm currently looking for an internship in Data Analyst, Network, and Developer for final year students to fulfill my practical work course. If you have more info, contact me at my email or my phone number.
